Pet Parade Here Friday Morning

Annual Event Tomorrow
At 9:30 A. M. To Be
Elaborate Affair

Forecast as more elaborate and entertaining than last year's, the Second Annual Pet parade, featuring Niles school children and their pets, will take the interest of Washington township tomorrow morning at 9:30 o'clock, when the colorful retinue will parade the length of First street.

Preparation for the event has occupied both teachers and pupils at the school during the past several days. Reports of various miniature floats, costumes, and unique pets have raised public enthusiasm to a new high. E. Dixon Bristow, grammar school principal, stated recently that the forthcoming parade will outshine the previous attempt. He was instrumental in establishing the event as an annual one.

Awards for the winners this year will be in the form of first, second and third prize ribbons—blue, red and white respectively, rather than toys or other articles. Judges for the affair, appointed by Chamber President F. V. Jones at the request of Principal Bristow, will be: A. J. Petsche, E. Glassbrook and H. L. Scott.

The Annual Niles Pet Parade is sponsored by the grammar school in connection with the Latham Foundation for the education of the children in appreciation of their dumb friends. Each child is urged to have his or her pet on hand for the march. Children without pets will carry banners, or enter into the event in other ways.

CHAMBER ENDORSES PET PARADE AT MEETING

Endorsement of the Second Annual Pet Parade, scheduled for tomorrow morning, was the main business at hand for the Niles Chamber of Commerce, when that body met at the Florence Restaurant Monday. F. V. Jones, chamber head, lauded the annual event and told the members of the civic group that it was well worth attending.

In the absence of E. Dixon Bristow, scout fund chairman, Jones announced that all money secured is to be turned in tomorrow night.

Jones also told of Legion plans to request closing of all township business houses on Monday, November 12, in observance of Armistice day. He stated that merchants had signified their agreement.

Roland Bendel, visitor, spoke briefly on the formation of catastrophe committees in the major population centers of the Pacific coast, to meet quickly and effectively with any major catastrophe, such as earthquake or explosion that would demand instant co-ordination of relief forces. He told of the part that small communities will play in the major scheme.

Harold F. Grey, also a visitor, spoke briefly on the trend of national indebtedness.

At the start of the meet, sentiment was quietly divided when two assertedly non-political messages were read. The civic group is strictly a non-political organization.

JOSEPH SOITO, 51 FORMER CONSTABLE CALLED BY DEATH

Native Of Decoto Known
As Man Of Strong
Character

A former constable of Washington township, and respected for his steadiness of character, Joseph Soito, 51, was taken by death Sunday at the San Jose hospital after a short illness. He was taken ill late last week.

Soito, who was constable here from 1914 to 1919, was known throughout the district as a man of character and determination, whose word was as good as his bond. His term in office won him many friends.

He was a native of Decoto, and a member of the Washington Parlor Native Sons of the Golden West. He was also a member of the Centerville council No. 5, U. P. E. C.

The deceased is survived by his wife, Mrs. Delphine Soito, two sons; Joseph, Jr. and John A. Soito, and a daughter, Delphine. There are several brothers and sisters all living in this district. His mother, Mrs. Rita Soito, also survives him. She has made her home on the Soito ranch between Centerville and Irvington.

Funeral services were held Tuesday morning at 9:00 from the Chapel of Palms, Centerville, thence to the Holy Ghost church, where the Rev. Father John A. Leaf officiated at a High Mass. Interment followed in the Holy Ghost cemetery.

PARENTS WARNED OF DIPHTHERIA DANGER IN TOWNSHIP

In an effort to stem a threatened epidemic of diphtheria, six cases of which are noted in Washington township at the present time, Mrs. O. W. Ebright, health nurse, this week announced an immunization program to be carried out in all township schools in the near future.

Parents are urged to take their children to their family doctors for immunization at once, or prepare to have them treated at the schools. Local doctors will contribute their services in the campaign, Mrs. Ebright said. The schools will be notified as to the time of the immunization work.

Children from one year of age on should have the treatment as soon as possible.

LEGION REQUESTS FIRMS CLOSE ON NOVEMBER 12

Merchants and businessmen in Washington township will be asked to suspend business activities on Monday, November 12, in honor of Armistice day, it was learned last week, when members of the Washington Township Post 195 of the American Legion, undertook to request all firms to close in observance of the holiday.

Inasmuch as Armistice Day, November 11, falls on a Sunday, the following day has been designated as the legal holiday. Local Legionnaires state that all township businesses will be contacted. Many have already signified their intention to close their doors.

Neal Hunter, ill last week, is up and about his work again.

Mrs. Justine Adams Is Named Guild Secretary

Mrs. Justine Adams, of Irvington, active in the Arts and Crafts Guild of Washington township, was named secretary of that organization at the last meeting, held at the home of Dr. and Mrs. E. A. Ormsby, at Centerville. Mrs. Adams was chairman of the committee for drawing up the constitution for the guild.

GRIDDER'S GET PENALTY FOR CANNIBALISM

When a man bites a dog, that's news but when one football player bites another that's something for the referee to cope with.

Strange cries have arisen from struggles on the gridiron, but none were ever stranger than the surprised yelp of Al Muniz, star Husker half back, when he arose from a pile of tangled players on the high school field Friday afternoon with well-defined teeth-marks on his back. Apparently carried away by his enthusiasm, a tackler had sunk his fangs into Muniz when the referee wasn't looking. After inspecting the bite, and carrying on a heated consultation, the officials penalized the Foothills eleven fifteen yards for trying to eat the opposition. It's a new one for the rule books.

INDEPENDENT PRESS DENOUNCES ABSURD ATTACK ON SINCLAIR

Say State Slandered By Merriam Forces In Campaign

Voicing a demand for sanity in politics, a number of free and independent newspapers have attacked editorially the absurdity of the baseless rumors that industry will move out of California if Upton Sinclair is elected governor.

Although not endorsing the Sinclair candidacy, the Hollywood Citizen-News, in an editorial October 3, stated:

"Can we not wage a gubernatorial campaign upon the issues without slandering the state that is home to all of us? We shall always have our differences of opinion on politics, religion, economics and morals, but there aren't any differences among us as to the real wealth of California, its mines, its fields, its orchards, its climate, its oil wells, its mountains, its plains, its water resources and its ocean. Let us not attack the state we all love."

The Wilmette Press, in its issue of October 6, editorially arraigned the present Republican leadership, both state and national, in a vigorous plea for younger members of the party to rise up and oust the reactionary heads.

"A vote for Sinclair and his Epic plan," states the Press, "though bitter to many stalwart Californians, is less bitter to take than the dose concocted by those now in power. Whatever vote is given to Sinclair on November 6 is only a protest against the old crowd. The people demand a change."

The Wilmette Valley Press, after a scathing indictment of the state's reactionary Republican leadership, states:

"At present the 'strip poker' capitalistic masters have stripped us almost nude. Still, they want to continue the 'game' under the same old rules: strip the people clean. The time is near at hand when you must choose between social justice or 'strip poker' capitalism."

THE FUSSY PARROTS

CLUB WOMAN "BOLTER" SOLICITS SUPPORT OF LOCAL DEMOCRAT; ROUNDLY REBUKED

Mrs. L. F. Parks,
Niles, California.

My dear Mrs. Parks:

I believe you will agree with me that the coming election for Governor really constitutes a crisis in our economic and political status; I have, therefore, joined the forces to help elect FRANK F. MERRIAM for Governor.

The splendid co-operation you gave your party before the primary compels me to urge you to give like service to the MERRIAM headquarters in your locality, providing you have decided to join forces with us.

I shall personally enjoy hearing from you in the near future as to your decision.

Cordially,

HELENA M. GAMBLE,
Precinct Chairman for Alameda County
for the Merriam Democratic Committee

October 25, 1934.
Niles, California,

Mrs. Helena M. Gamble:
1614 Franklin Street,
Oakland, California.

My dear Mrs. Gamble:

Referring to your letter of October 16 urging my co-operation in the election of Frank F. Merriam for governor of our splendid state of California, I reply by saying that nothing has come to my attention since my return from a trip east that has given me such shock and pain as the knowledge that the honored and beloved secretary of our Alameda County Democratic Woman's Club has allied herself with the Merriam forces.

One of the strongest bonds of cohesion in our club has been the loyalty unanimously given to our splendid President Franklin D. Roosevelt, whom we all acclaim to be the greatest leader the Nation has had since Woodrow Wilson.

That any follower of Franklin D. Roosevelt could align herself with the forces of a man outstandingly representative of a party which has come out openly with the avowed intention of defeating not only Franklin D. Roosevelt and our own Democratic party, but of nullifying as far as possible, practically every move he has made to better the condition of our suffering country, is beyond comprehension.

Again allow me to express my outraged feelings in signing myself

Most sincerely yours,
(Mrs.) Lucian F. Parks

IRVINGTON TO HAVE CHAMBER OF COMMERCE

Organization Is Planned
To Speed Town's
Development

TO HELP PROGRESS

Second Civic Group To
Be Formed This Year
In Township

Hard pressed by civic problems, and with an eye to future accomplishments, citizens of Irvington last week launched plans for the formation of a chamber of commerce. The initial membership will include the town's leading merchants and professional men.

Noting the lack of civic co-operation at the time of the recent fire district election, progressive citizens have inaugurated the present drive to assure better cooperation in future attempts toward city improvements.

The Irvington civic group will be the second to be formed in Washington township since the first of the year, a Newark Junior Chamber having been started several weeks ago. Niles and Centerville already have active organizations.

The venture will not be a new one for Irvington, the former chamber, active for a long time, was dissolved several years ago.

In addition to its services in home-town problems, the new organization will place Irvington on the social map, with definite place in township affairs.

MARKETS SHOWING ACTIVE INTEREST IN DRIED FRUITS

Eastern Resistance To
Early Advances Is
Passing, Report

Another pick-up in dried fruit trade is intimated in the current report of market conditions by the California Fruit News, reported early this week.

"Some weeks ago," says the report, "when the dried fruit market in California developed such strength as to move coast prices up rapidly, the distributing trade east and elsewhere went a little slow under the idea that the advances might be temporary. This, however, has proved not to be the case. Distributing markets report having abandoned resistance at present prices and the trade is moving well."

Prices, the report goes on to say, are very little changed on apricots, the benefit coming by virtue of faster moving of stock.

DAUGHTER ARRIVES

Mr. and Mrs. Charles H. Hirst, of Manila, Phillipine Islands announced the arrival of a daughter, Susan Lee, recently. The grandparents are Mr. and Mrs. A. B. Hirsch, of Irvington and Mr. and Mrs. G. H. Hirst, of Douglas, Arizona.

Dan Marble spent Monday afternoon in Oakland on business.

Niles Girl Honored By Camp Fire Organization

Miss Evelyn Rose, Niles girl, received the highest award given by the Camp Fire Girls' organization, when word came last week that the Torch Bearer's decree was to be given her for a report on hair-dressing. Miss Rose is the first girl in Washington township to merit the decree. Her treatise will be printed and distributed throughout the nation.

Miss Rose is connected with the local Camp Fire group, of which Mrs. J. E. Townsend is guardian.

NILES PERSONAL ITEMS

Mrs. Edna Clancy, of Los Angeles, visited with Mr. and Mrs. Dan Marble for several days this week.

Mrs. Lester Duffy suffered a painful cut on one hand last week in a minor accident at her home. She was treated by a local physician.

Miss Elsie McCarthy, of Oakland, visited briefly with Mrs. Rosalie Donovan one day last week.

Judge J. A. Silva and Frank Duarte drove to Oakland Tuesday evening to hear a lecture by Father Hubbard, the Glacier Priest, at the civic auditorium.

A number of workers, who had been laid off at the International Wood plant here, have returned to their work.

Muffs Assume New Shapes for Fall and New Furs

Muffs for fall are assuming new shapes and new furs.

There's just enough room in them for your two hands, and after all, that's all the room a muff needs, when you consider the situation impartially.

These are shown in sleek, flat furs, for wear with furless coats and suits, and they're the last whisper from the last boat from Paris.

Practically the same effect is gained by the new muff gloves shown in recent displays of advanced winter styles.

These are of Angora knit, with a long cuff which may be pulled down over each hand. Place the hands together in the approved fashion for muff-holding, and lo!—you have a muff.

STYLE NOTES

Blouses are in bright contrasting colors.

Slits and slashes vary narrow straight skirts.

Belted at front, loose at back, is new coat decree.

Contrasting sleeves register in early fall frocks.

Accent is on the fur-trimmed velvet suit with rich lame blouse.

Velvet swagger coat with matching velvet beret is important for fall.

Frocks for College-Going Girls

By CHERIE NICHOLAS

WHEN it comes to thrills for the college girl who is selecting her going-away-to-school frocks it is the stunning new and versatile materials which cause hearts to beat faster.

There is that about the woolens and silks and velvets and synthetic weaves as shown this season which is so intrinsically decorative and satisfying to the eye, little or no frills or furbelows seem to be required to accent the costumes they fashion. Which, no doubt, is the reason why advance fashions indicate that the college girl's wardrobe will, for the most part, be styled on the same smartly simple tailored lines favored by chic business women.

The model to the left in the picture is a dress of this type. The plaid chulla crepe which fashions it is in itself so attractive and self-sufficient, fussy dressmaker detail would detract from its "classy" simplicity.

The feed and management of a colt during the first three years of his life will determine largely the kind of animal he will be in later years.

During the first six months the foal lives mostly on his mother's milk, with a little grain and hay at first and more added gradually during the latter part of the period. To start the foal in full health and vigor, immediately after its birth, it should be given a good draft of its mother's first milk. This milk has regulating properties which tend to clean the alimentary canal. If this cannot be done, a tablespoonful of castor oil should be administered.

The mare's udder must be kept clean to prevent intestinal infection in the foal. A lukewarm solution of 2 per cent coal tar disinfectant, followed by rinsing with warm water, is good. The hind parts should be washed daily for the first week.

If necessary, the dam's milk flow can be stimulated with such feed as plenty of pasturage, oats, rolled barley, wheat, bran, and corn. But if the foal suffers from too rich milk, then the dam's daily ration supply should be curtailed.

Speaking of unusual materials,

the dress centered in the group, so

sophisticated in its simplicity, is made of, guess what!—sports tulle. This fabric is so perfectly new it's the "last word."

The claim to fame of this novel and very good-looking sports-tulle is based on the delightsome sheerness of its weave which together with the fact that it lends itself perfectly to simple lines and classic tailoring assures its prestige as a medium admirably adapted to wear at teas and bridge parties and other smart daytime gatherings. In this model, so simple yet so distinctive in its cut, Alix, who created it of sports-tulle in a black and white mixed effect, has certainly contrived the ideal all year-round afternoon dress.

A frock of satin and a frock of velvet should by all means be included in an up-and-going-places collegegirl's wardrobe.

The new daytime satins are as practical as they are stunning in appearance, and so wonderfully slenderizing, fashioned as many of them are with sleek-fitting skirts slit at the hemline in order to give ease of movement.

The model pictured to the right in the group is styled along girlish lines and with its jacket becomes a many-purpose costume which can be tuned at will to street or indoor afternoon wear.

The treatment of the neckline is interesting, the collar being formed of loops of white velvet ribbon edged with black.

In regard to velvet the big news is smart trimming suits with narrow skirts and neat-fitting jackets.

FALL BRIDAL GOWN HAS HEAVY TRAIN

The trains on the new fall wedding gowns mean a heavy day's work for some bridal attendants. Nine or ten feet of shimmering satin will slither down the aisle behind the bride.

Workers, under the direction of Harry Atwood, state leader in charge of common barberry eradication, destroyed 19,615 of the bushes responsible for the spread of the disease, since August, 1933.

Spores that cause black stem rust are formed on the common barberry, plant distinct from the Japanese species used in ornamental plantings.

Practically all of the bushes destroyed were plants that had grown from seed scattered by birds that feed on barberry fruits. Such plants are the most difficult to find.

Black Stem Wheat Rust Is Being Fought in Ohio

Efforts of crews on the payroll of the Public Works administration have brought Ohio one step closer to its goal of eliminating black stem rust of wheat.

Workers, under the direction of Harry Atwood, state leader in charge of common barberry eradication, destroyed 19,615 of the bushes responsible for the spread of the disease, since August, 1933.

This designer has a penchant for trains, surpassed only by her love for frills and bows. This fall she gives women a chance to wear stiff white jabots that protrude four inches from severe black frocks.

And "fish-tail" trains. She still likes them, although many designers have chopped them off. A pert little train for evening and a deep skirt slash in front.

FABRICS FOR FALL SUGGEST ELEGANCE

Taffeta, Adorned With Metal Stripe, Favored.

The new silks for fall suggest the age of elegance, what with their luxurious surfaces, rich colors and unusual weaves.

Reflection of the new national optimism may be seen in the clothes to be worn this fall—sumptuous, glittering fabrics, gold and silver encrusted, cut on lines of simple swank.

Among the new silk fabrics to be used for street and formal dresses this fall, one of the most important is the taffeta with a metal check or stripe. A deep rust-colored taffeta, for instance, is cross-barred in gold, making a stunning fabric for the dress blouse or the dinner dress.

Then there is a new material called taffacord, which looks like silk corduroy at ten paces, but which is really just a sleek ribbed crepe. It is effective in mocha brown.

A silk that looks like sheer woolen, in a shell-like weave, is called shadowfleur, and is striking in bright green, either for sports frocks or for dinner gowns. It drapes beautifully, tailors well, and has the dull surface that looks like wool.

Scenic Mountain Road in Colorado Nearly Ready

Trinidad, Colo.—The Cordova Pass road, at one point nearly 12,000 feet above sea level, will be opened some time this summer, it has been announced by the state highway department. The highway traverses the beautiful Spanish peaks country, considered to be one of the most scenic sections in the Rocky mountains.

Expert Finds Flowers Keep Better in Copper

New York.—If you want to keep cut flowers for a long time, try keeping them in copper containers. John Ratsek, floriculturist on the staff of the New York State College of Agriculture, placed snapdragons, stocks, roses, primroses and other flowers in such containers and by so doing he found that their life span was increased by one to three days. He explained that the copper kills bacteria which would decay the flowers.

Finds Shortage of Babes Cause of Unemployment

Berlin.—Germany's propaganda ministry has figured out the real cause of unemployment here—it's the 15,000,000 children the Reich's women didn't have the past fifteen years.

"You can work it out by figures," writes a ministry official, Dr. Hermann Thomalla, in the Nazi welfare organ.

"The chief reason we have unemployment today is because the German hausfrau hasn't had more children. There used to be 2,000,000 births annually. Now there are only 1,000,000. That means a loss of 15,000,000 since war days."

"These children would have been solely consumers, for they wouldn't yet have become old enough to become producers. They would have provided work for hundreds of thousands of workers, who are now on the dole."

To Restore First Slave Cemetery in New Jersey

Mays Landing, N. J.—Historical societies plan to clear the debris from historical Shore Road cemetery, the first slave burying ground in New Jersey. The only identification now on the grounds is a plain marble slab bearing the inscription "Angelina Taylor, died September 5, 1833, aged eighty-three years." Historical writings frequently referred to the cemetery, which marked the first foothold of slavery in the state.

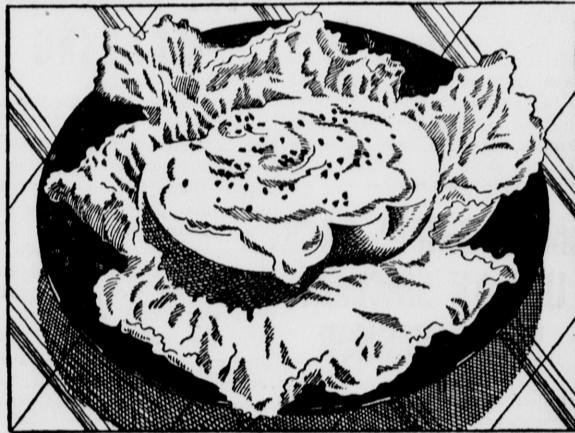

A high percentage of Quakers among the early settlers in this vicinity prevented great numbers of slaves at any time. At one time, there were 12,000 slaves in the state, however, mostly in the northern portion.

"Yankee Doodle" Sung in Early Comic Opera

Philadelphia.—Where and when did the true "Yankee Doodle" originate? Well, here's one answer: "The Disappointment," said to be the first comic opera composed and published in the United States, contained a song entitled "Yankee Doodle," and the tune is practically the same as we know today. The composer was Andrew Barton.

A copy of the opera, first printed in New York in 1707, was recently exhibited here by the Library company of Philadelphia.

A \$1.00 Dinner for 4

THE salad is the gipsy of the menu. While the other courses hold rigidly to their conventional order of appearance, the salad roams around, sometimes entering at the beginning of dinner, sometimes as a main dish, and sometimes as a dessert. In this menu, it comes last, ending the dinner with serene charm. And what a dinner this is—considering the fact that it serves five people at a cost of only twenty-five cents apiece!

Beef Liver with Mushrooms 45¢
Hashed Brown Potatoes 8¢
Cole Slaw 8¢
Bread and Butter 8¢
Ginger Peach Salad 28¢
Demi-Tasse 3¢

Beef Liver with Mushrooms: Cover three-quarters of a pound

of liver with boiling water. Let stand a minute. Drain. Remove skin and blood vessels. Salt and pepper, and roll in flour. Sauté in bacon drippings till tender. Remove liver to platter, and to the fat in the skillet add the contents of one 4-ounce can of mushrooms (sliced) and cook for a few minutes. Add mushroom liquor and a third of a cup of milk, and stir until smooth. Season and pour over the liver.

Ginger Peach Salad: Drain half the contents of one No. 2½ can of peach halves and lay them in lettuce leaves on salad plates. Mash one cream cheese, add two tablespoons mayonnaise, and cream together. Crumble three gingersnaps and mix in carefully. Pile this mixture on top of the peaches, and chill. Garnish with mayonnaise.*

The Wisdom of the OWLS!

Two little owls in the oak tree sat,
A Republican and a Dem-o-crat;
Both had listened and wanted to know,
"The sense of this fuss on the radio."

One little owl concluded he knew—
"The Incumbent Governor was almost through."
He flapped his wings, said, "I declare—
You know the next one'll be Sinclair."

The other said, "All brag and blow"—
Your man is all for pomp and show—
I know he'll never have a chance—
In the Governor's house to smirk, and prance."

They argued thus, all through the night,
Until the dawning's first, pale light;
When an early rising passer-by—
Saw clouds of feathers flying high.

They gave up then—in grim despair.
Two hunters saw them sitting there
Shorn of their wisdom . . . every feather,
(Two shots brought them down, together.)

One fellow said, "Owls . . . bury 'em—
Say, who're yer for? I'm Merriam."
His pal went straight up in the air,
"Of course MY vote goes to Sinclair".

They argued thus, all through the night,
Until the dawning's first pale light;
Their clothes in rags and tatters rent—
Their breathing labored, strength all spent.

The two pale things they thought were dead,
Croaked out a word or two, and said—
"Republicans will place Sinclair—
Right smack into the Gov'nor's chair."

"The Democrats will have their say—
Merriam will win in a walk-away".
The two wise birds lay side by side—
With these brief utterances . . . died.

The two men faced the silly pair
Quite dead, beneath the oak tree there;
They clasped a hand and said these words—
"We're bigger fools, than those two birds".

Church workers and those who
participate in the worship and
activity of the church are remi-
nded of the dinner conference at
Mrs. Humphreys' restaurant at
six o'clock. Dinner at fifty cents
per plate. Mrs. Humphreys
should be notified by Thursday
for a reservation. Those not
coming to the dinner are welcome
to come in for the conference to
be conducted by Dr. Smith after
the dinner, 6:45 to 7:45.

After the conference all will
adjourn to the church auditorium
for the program. Everyone wel-
come.

ALAN NORRIS HONORED AT LIONS CLUB MEET TUESDAY

"Football Night" Planned By Club; Big Coaches To Be Asked

A mock wedding, carried off to perfection by a group of hilarious Lions, was the main item of an interesting meeting at the El Lido cafe Tuesday evening. The humorous affair was given in honor of Judge Allen G. Norris, who will soon wed Miss Clarabelle Logan, popular local girl.

Accompanied by the "Prisoner's Song", sedately played by Salvador Billeci, the following retinue participated: the bride, Lloyd MacDonnell; the groom, Jack Long; best man, Frank Madruga; maid of honor, Doc Gilbert; bride's father, Manuel Alameda; bride's mother, Chick Santos; minister, Harold De Leon. The solemn rites were run off with great seriousness, after which the happy couple were showered with mixed chicken feed.

Immediately following the wedding, President Joe Jason gave Norris the best wishes of the Lions Club. Frank Madruga, in behalf of the club presented him with an expensive electric clock. The judge had previously been the recipient of numerous humorous gifts.

Following the ceremony, which was attended by many prominent local and township people, the Lions launched into a busy session to clear away a number of pressing questions.

President Jason thanked the dance committee for their splendid work in connection with the recent dance, and announced the forthcoming card party, to be held in the Parish hall on November 23. The following members will serve on the committee:

Channan, H. De Leon, M. Alameda, M. Vierra, Chick Santos, and A. J. Petsche.

Plans to sponsor a "football night" sometime next month were discussed by president Jason and committee members yesterday, and the following men named to make arrangements: A. J. Petsche, Chick Santos, Jess Regli, Allen G. Norris and Antone Enos.

The affair will attract multitudes of football fans in this district. An attempt will be made to have

Clipper Smith, of Santa Clara; Tiny Thornhill, of Stanford; Stub Allison, of California; and Dud De Groot, of San Jose State, on hand for the evening.

The club has made plans to

sponsor the farce "When Men Marry", sometime in January.

One of the annual Lions works is to supply book covers to every school child in Washington township. The covers will be printed with the traffic safety regulations, in order that the tots may learn them.

Those in the cast in addition to Miss Wells, are: Robert Kirby, Katherine Rathbone and Rosalie Harrold.

The class will also stage a debate on the Townsend Old Age pension plan. Affirmative: Leslie Calahan, Melva Scammon and Isola Moise. Negative: Grave Ura, Helen Seidler and Helen Calderia.

County Employees Have Banquet At Centerville

The El Lido cafe was the scene of the regular meeting of the Alameda County Employees' Association last night. Arthur Biddle was master of ceremonies.

HUSKERS GO WILD IN 46 TO 6 WIN OVER FOOTHILLS

Passing Attack Clicks For Centerville In Easy Victory

Still in their "forty-point" stride, the Washington Huskers galloped to another overwhelming league victory Friday, when they walloped a game but outclassed Foothills eleven to the tune of 46 to 6. The game clinched the Husker lead for the trophy again this year, with opposition frankly too weak to stop the Centerville march.

Scoring evenly throughout the game, the Huskers opened up Friday with a new passing attack that will add to the discomfort of future opponents. The Centerville team gained a total of 92 yards from five completed tosses.

Al Muniz, Husker ball-toter

proved his value again with 88 yards gained in 19 trips with the spheroid. Frank Mederios, full, came next with 553 yards in 12 tries. He converted four of the touchdowns with kicks from placement. Muniz scored four times, Mederios twice and Ed Rose once. The latter, incidentally, played some bang up football.

The Foothills lads pushed over their only score in the last quarter after the Husker varsity was in the showers. The C team had taken the field.

Dinsmore, Amaral, Duarte, Manuel, Phippen, Sinclair, Jorgenson, Durham, Silva and Higginbotham showed up well during the game.

Tomorrow the Huskers will face a little faster company in the Hollister Junior College eleven. Game starts at 3:30 p. m.

HIT RABBIT HUTCH, FACE SENTENCE TOMORROW

Canuto Flores and Jesse Rodarte, alleged peace disturbers, will appear for sentence tomorrow afternoon before Judge Norris at the Centerville Justice court.

The two men were arrested by Deputy Sheriff Hugo Radbruch on October 13 on complaint of M. Reyes, of Newark, who charged that they had driven their car off of the highway and into his property. Reyes declared that they had crashed into a rabbit hutch and killed several of his animals. The men, hailed before the judge last Monday,

pleaded guilty and asked that sentence be deferred until tomorrow.

Starters in the Centerville line-

up were: ends, Luna and Noia;

tackles, Rupp and Belmiller;

guards, Kitashima and Hyaboyoshi; center, Kato; halfbacks, Nakagawa and Houck; fullback, Costa; quarterback, Mattozos.

SCOUTS ACTIVELY ENGAGED IN TROOP REHABILITATION

Fifteen Boys At Initial Meeting Last Thursday At Scout House

Meeting for the first time under the direction of Clarence Crane, new scoutmaster, the new Niles Boy Scout troop, gathered at the scout house on Third street Thursday evening, to take up activities terminated last spring by the disbanding of the unit. There were fifteen scouts present.

The scouts were introduced to their new committeemen, and given an outline of fall plans. Chairman Harvey Braun; Frank Nunes new treasurer, and Frank Ferry, training man, spoke briefly to the boys. Each stressed co-operation, and voiced their determination to make the Niles unit one of the best in southern Alameda county.

Although only fifteen scouts out of twenty-five attended the meet, scoutmaster Crane was pleased, declaring that others will attend future troop meetings.

The following boys were on hand:

Jack Scott, Jack Parry, Julius Berchem, Alfred Perry, Weldon Pine, Raymond Freitas, Tony Mesquite, Melvin Oliver, William Silva, Harold Wiseman, John McGowan, George Bonde, Jr., Bud Mellow and Julius Pine. George Vroutecas made application for membership.

Several scouts, directed by Crane, gave the scout house a thorough cleaning Tuesday evening of this week. The flag pole will be raised either today or tomorrow. The second regular meeting of the troop will be held tonight.

Proper selection of type, careful composition, and painstaking press work are the foundations of good printing. The Register is justly noted for all three. Let us estimate your next job. Call Niles 23.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless use of strong laxatives may do more harm than good.

Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin gently helps the average person's bowel while nature is restoring their regularity. Why not try it? Some pill of tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. At all druggists, ready for use, in big bottles.

STUDENT BODY PLAY HEADS CALENDAR AT HIGH SCHOOL

"The Whole Town's Talking," student body play slated for the evening of November 2, will be the first of a series of events set for the school year at the Washington Union high school. Other affairs with a definite place on the school calendar are: November 16, Student Body Dance.

December 7, Senior Night. January 18, Student Body Dance. February 15, Freshman Dance.

Several other school functions will be added to the above when definite times and dates are set.

Personal Items

HETCH HETCHY LINE IN OPERATION THIS WEEK

Hetch Hetchy water, released into the new line this week, is now coursing across Washington township in the one completed pipeline from the Irvington portal.

The mountain water was valved into the coast range tunnel last Friday. The first few hours of flow were released at the Alameda creek portal to allow for a thorough flushing of the bore.

Completion of the pipeline now under construction across the valley here will insure uninterrupted flow to San Francisco under all conditions.

"DAMES," MUSICAL SCREEN HIT, HAS GALAXY OF STARS

"Romance in the Rain," with Roger Pryor and Heather Angel and "Their Big Moment," with Slim Summerville and Zasu Pitts, finish their run at the Hayward theatre tonight.

Edward G. Robinson, screenland's versatile character star, comes Friday and Saturday nights in "The Man With Two Faces." On the same bill is "Ladies Should Listen" with Cary Grant and Frances Drake.

Hayward movie fans will be enthusiastic next week to hear of the coming of the smashing success, "Dames." Dick Powell, Ruby Keller, Joan Blondell, Guy Kibbee and Hugh Herbert are in the cast. Critics hold that

"Dames" is the greatest musical screen hit to date.

"No Greater Glory" and "She Was A Lady" are on the bill for Wednesday and Thursday. Ralph Morgan and Helen Twelvetrees are the players.

Woodcraft Dance Is Forecast As Success

Ticket sales for the first annual Woodcraft dance, to be held at the Garden of Allah on November 2, indicate that the affair will be an outstanding success, according to committee men this week.

Word of valuable prizes, including a cedar chest, has stimulated public interest.

Music will be furnished by Oliver Campos and his Sunny Californians.

TOMATO THIEF GETS STIFF SENTENCE HERE MONDAY

Seized Saturday on complaint of J. Martin, of Alvarado, Louis Alba, Alameda man, was hailed before Judge J. A. Silva to answer for the theft of several boxes of tomatoes.

Appearing Monday, Alba pleaded guilty to the charge, and was given the alternative of paying a fine of \$50 or spending 25 days in the county bastile. He chose the latter.

According to officers and growers in this district, there thefis this summer. Alba's case is the only one of any importance to date.

Tomato Crop Being Picked This Week

Tomato growers in Washington township are making great haste this week to pick their remaining tonnage from wilting vines before the fall of further rain. Extra crews of pickers were rushed into a number of large fields in this district Monday to insure an early cleanup.

Growers stated that the damage to the tail-end of the crop by Sunday's soaking rain was negligible. They added, however, that the fruit resting on the wet soil would quickly rot unless picked immediately.

Did you ever stop to think?

By Edson R. Waite

Money spent at home helps you and your city. Money spent away from home helps some other city. This habit of sending away to distant points for printing that you can get at home is becoming too common. I quote an editorial from the Penang Gazette and Straits Chronicle, which should be read carefully by every businessman. The editor says:

"We have received an interesting little booklet issued by Messrs. Mansfield & Company, Ltd. The booklet is a mine of information and gives details not only for traveling to and from Europe but of local leave and extended holiday trips which can be made by vessels of companies for which the firm act as agents. We were particularly glad to note in the foreword the following mention of Penang:

"The firm of Mansfield & Co., Ltd., was founded in Singapore in 1868, with branches in Sandakan and Penang. Although the Sandakan branch is no longer in existence, that at Penang continues to grow in importance."

"And just one word of complaint. Why was it considered necessary to send to Europe for the production of the booklet? It is a neat affair, but there is nothing in it beyond the ability of Malayan firms to produce.

"Spend in Malaya First" would be a good motto for those of us who earn our daily bread in this country."

DUCK SEASON OPENS LAST SATURDAY; MANY BIRDS

Shouldering their guns early Saturday morning, Washington township duck hunters hailed the advent of the 1934 duck season.

Changes in hunting laws have made it necessary for the nimrods to study up on the regulations.

Hunting this year is confined to Saturday and Sunday, from sunrise to sunset. On ponds where the birds are fed, shooting must cease at 3:00 p. m. A duck stamp, costing \$1.00, must be purchased and affixed to the license of each hunter. The bag this time is 12 birds per day, or 24 maximum in possession at one time.

Game Warden Fred Rogers stated this week that there are many ducks on the marshes this year, but that they are not "loafing" which Rogers explained to mean sitting quietly in the ponds. He explained this by saying that there is a scarcity of feed this season, and the birds are continually on the move. In connection with the hunting rule changes, Rogers said that he considered the shooting too heavy on the week-ends.

The first few days of the season saw hunters coming home with the limit of birds. The Alvarado, Mt. Eden district is particularly good.

Editorial Comment

NORMAN H. PARKS, Publisher Register

past or present clients have been horse thieves, or even common every day scoundrels. Still, one can never tell.

Now Clem has undertaken the man-sized job of electing Militiaman Merriam governor, and one Hatfield, late of the vicinity of Merced, lieutenant governor. The order is a big one, but Clem is a contact man of no mean measurements, and a tall task is just the same to him as downing a chocolate sundae.

Clem figures on beating Sinclair with gruesome pictures. Clem himself is not so hot with the paints and brush, but he has an Apache gigolo, ripe from the Montmatre in Paris, who is doing his stuff in a way that makes shivers run up and down your back. Clem has a way of persuading the papers, in some mysterious manner, to run these frightful caricatures of Sinclair over whose hairy arm protrude mighty muscles one never dreamed an author might possess, and in whose clack-like fingers is the throat of California slowly being strangled to death. But Sinclair isn't going to quite strangle the state to death for Clem is getting his financial forceps clamped on the talons of radicalism and before election day will have him down for the count of ten—ten million—and another victory piled up for Clem Whitaker, Incorporated.

Throngs Acclaim Campos Annual Recital Friday

The auditorium at the Washington Union high school was filled beyond capacity and scores of people turned away at the doors Friday night, when Oliver Campos, local music teacher, conducted his pupils through one of their most successful recitals. The event was the seventh to be sponsored by the instructor.

In a program so uniformly excellent, it is difficult to select outstanding performances. The piano numbers by the very small children drew loud acclaim from the multitude, as did a novelty number called "The Little Red Hen." The dance numbers were particularly well received.

Campos stated his satisfaction with the work of his charges, and agreed that the recital was one of his best to date.

Growers Demand Change In Federal Prune Pact

Mr. and Mrs. W. A. Sloan, active in current attempts for modification of the existing federal prune marketing agreement, were among the dissenters who met last Friday with the control board in San Francisco, to present nineteen amendments to the present code.

Among the amendments, some of which were of a technical nature, were proposed changes in control of the reserve tonnage, readjustment of the placing of freight charges, and request for a resurvey of existing tonnage. Grower representation, said to be of vast importance, was embodied in one of the amendments which demanded a removal of the sole power from the hands of a chosen "Growers' committee."

Annual Event Best To Date; More Than 500 Tickets Sold

Proof of the Niles Firemen's popularity as hosts as well as civic guardians was written Saturday night in the receipts of the Annual Firemen's Dance, given at the Garden of Allah, when members of the department checked the attendance at more than 450. Tickets were sold at the door all during the evening and past midnight. A total of more than 500 tickets were sold.

According to Clarence Crane, assistant chief, the affair attracted people from all bay cities, including Oakland, San Leandro, Richmond, San Jose and Pleasanton. He expressed his gratitude to the community for the splendid support accorded. Chief Tony Alves, pleased with the outcome, stated that the dance was the best given to date by the local smoke-eaters.

In addition to the splendid music of Doc Hanley and his band, the multitude particularly enjoyed the distribution of the door prizes, eighteen of which were won by people in attendance.

Painstakingly planned and ably conducted, the 1934 firemen's dance will be recorded in local annals as an outstanding success.

Can We Have A Clean, Honest STATE GOVERNMENT?

UPTON SINCLAIR

Quiet, Undemonstrative, Determined-

Says YES!

California's reactionaries, panic-stricken in the face of the first intelligent threat to their monopoly of state offices, and aghast at the indications of public disapproval, are waging the basest campaign in the history of the nation to defeat Upton Sinclair, Democratic candidate for governor.

Among the most obvious perversions of fact is the report that unemployed in California will be put to work on farms financed by the state, the products of which will then be sold in competition with goods produced by the permanent and solvent farmers. **THIS IS A VICIOUS CAMPAIGN LIE.** The products raised by the unemployed, or manufactured by them, will **NEVER TOUCH EITHER THE WHOLESALE OR RETAIL MARKET.** Such products will be totally consumed by the unemployed, through a system of exchange arranged by the state. The unemployed, on charity at present, are nobody's customers. They buy nothing.

They constitute no market. They are of no use to the state. In Alameda county, alone, their care takes 57 cents of every tax dollar. They can be put to productive labor, take themselves off the taxpayer, and become a part of our civilization again. In his Epic plan, Upton Sinclair faces the facts. He asks if we can go on indefinitely voting bonds to support one-fifth of our population by charity. We answer **NO!**

It is significant to note that the Merriam forces in their present slanderous campaign, are spending millions of dollars, not to broadcast their own platform, but to lie about, and pervert the words of Upton Sinclair. Are we intelligent enough to see through this smoke screen of insult? Beyond it there is vested interest, greed and hypocrisy. Millions, contributed by huge corporations, are not to save the **PEOPLE OF CALIFORNIA** from the so-called "Sinclair menace", but to retain a greedy strangle-hold on those very people.

If In Doubt On The Others- VOTE NO!

Vote NO on Proposition 3!

On the selection of judges: Proposition 3 will place the Supreme and Appellate Courts at the mercy of the governor and the state political machine. By all means defeat this vicious measure.

Vote NO on Proposition 4!

Centralization of power with the Attorney General, as chief law officer of the state. Will impose DIRECT SUPERVISION of all district attorneys and SHERIFFS AND OTHER ENFORCEMENT OFFICERS IN THE STATE.

Vote NO on Proposition 7!

The so-called "merit system" in state government would result in monopolies on state offices, increasing the difficulty in removing incompetent officials. It would give added opportunity for collusion in high places.

Vote NO on Proposition 11!

Keep the office of State Superintendent of Public Instruction an elective one. Proposition 11, if passed, will empower TEN people, members of the State Board of Education, to SELECT the state superintendent.

Vote NO on Proposition 12!

This proposition is apparently intended to regulate interest rate in automobile finance and consumer credit companies. Exempts building and loan banks, credit unions, industrial loan companies, agricultural co-operatives, pawn-brokers and personal property brokers. Too much discrimination here.

Vote NO on Proposition 14!

Will limit candidates for appointment to Superior Court to those chosen and listed by three men.

Vote NO on Proposition 15!

Affects Los Angeles county only. Provides for selection of superior court judges by election districts rather than AT LARGE in counties of 1,000,000 or more population. Other counties will be affected as population increases.

Vote NO on Proposition 16!

Keeps the municipal courts free from direction by the state legislature, as to establishment, REGULATION, procedure and jurisdiction. Jurisdiction of these courts is now determined specifically by the Constitution.

Vote YES on Proposition 18!

Authorizes the legislature to determine water rights and to provide for the control, development and utilization of water and hydroelectric power resources. Empowers the legislature to lend the credit of the state to aid in paying the indebtedness incurred by state agencies in such development.

Vote YES on Proposition 20!

Authorizes any city of fifth or sixth class to acquire and hold stock in mutual water companies when same is necessary to provide water for the use of citizens hereof.

Vote NO on Proposition 22!

Maintain the entity of the present political divisions. Proposition 22, if passed, will be a step toward elimination of counties, and consolidation into larger units.
